

TAFF HOUSING HEALTH AND SAFETY POLICY STATEMENT

Taff Housing believes that the health, safety and welfare of employees is of prime importance and essential for the efficient operation of its undertakings. The Board and Executive Team recognise the need to conduct the business in a manner that is in line with current legislation and codes of practice and will ensure that appropriate arrangements are in place to comply with all legislative duties and enable the pursuit of continual improvement in its management of health and safety.

Overall responsibility for the health, safety and welfare of the organisation is vested in the Board of Taff Housing and delegated to the Chief Executive.

The responsibility for safety at work rests upon all sectors of management and employees. The organisation will take all reasonably practicable steps to ensure the health, safety and welfare of its employees, and others who may be affected by its work activities, by providing the following:

- A written Health and Safety policy and management system
- A safe and hygienic working environment through the design, construction, operation and maintenance of all plant, equipment and facilities;
- Safe systems of work;
- Appropriate instruction, information, training and supervision;
- Control of all situations likely to cause damage to personnel, property and equipment;
- Effective facilities for consultation between management and employee representatives;
- The undertaking of such tests, examinations, samples and records as are necessary to monitor the working environment and equipment supplied
- Safe place of work including access and egress of all sites under its management

Equally, it is the duty of each and every employee to assist the organisation in the attainment of its Health and Safety objectives. The organisation expects employees to take reasonable care of their own health, safety and welfare and that of others who may be affected by their actions.

In its commitment to prevent injury and ill health to employees, contractors and others affected by day-to-day operations, and in striving for continual improvement, the Company sets annual health and safety objectives and targets against which its performance is monitored.

This policy will be communicated to all employees, contractors and other interested parties and will be reviewed at least annually for effectiveness and relevance to the business.
